

113. The variation with time t of the acceleration a of an object is shown. At $t = 0$ the object is at rest.

What is the speed of the object when $t = 8.0\text{ s}$?

- A. 1.0 ms^{-1}
- B. 32 ms^{-1}
- C. 50 ms^{-1}
- D. 64 ms^{-1}
