

## PAPER 1 / QUESTION 117

2225-6707 / original question 6

---

**117.** An object of mass  $5.0\text{ kg}$  is initially at rest. An impulse of  $2.0\text{ N s}$  acts on the object.

What is the final kinetic energy of the object?

- A.  $0.40\text{ J}$
- B.  $10\text{ J}$
- C.  $20\text{ J}$
- D.  $40\text{ J}$
